

## Mrs. Phillips' Weekly Focus May 20th - 21st, 2019

Wow! I can't believe this is the last week of school! We have done so much this year. I truly appreciate all the help and support you have given me to get your child to a successful end of third grade. Working as partners always works best.

I have promised the students that if they write to me over the summer, I will write them back. Letters and postcards are so much fun to receive, plus it helps keep our writing skills sharp. My address is: 701 Castleton Drive, Greencastle, IN 46135

Here is the schedule for the rest of the week:

### **Monday, May 21st**

Student Awards program for 3-4 at 8:45 - parents invited to attend

**In our room** we will be having classroom awards immediately following the awards in the gym and will spend the day putting together our binders to bring home and clean up the room.

### **Tuesday, May 21st**

Student Fun Day - please no visitors today

Last student day - have a great summer!
